PRODUCT DATA SHEET

DESCRIPTION & FEATURES

SENTINEL PVC Inside and Outside Corners are manufactured from fiberglass reinforced 60 mil PVC membrane and intended to flash 90 degree outside and inside corners. Prefabricated corners are available in white, copper and silver color options.

STORAGE

All materials must be stored in a clean, dry location and cover as necessary to protect from environmental damage such as extreme cold, heat or moisture. Monitor varying environmental conditions during storage, handling and application.

APPLICATION

SENTINEL PVC Inside and Outside Corners are installed to the membrane using a hot air welder. Refer to SOPREMA's specifications and installation instructions for additional application guidelines.
